meridianlink mortgage

meridianlink® mortgage

Managing a team of financial professionals already presents its own challenges - working in the mortgage sector tacks on another layer of obstacles for you to manage including increased customer demand and ever-changing compliance regulations. It's alot on your plate. The solution to excelling in today's market is to have an LOS that works for both you and the customer while staying positioned for growth. We've been serving the needs of mortgage lenders and brokers for over 15 years with reliable industry expertise. We get it.

MeridianLink Mortgage is a powerful SaaS browser-based loan origination software, designed to optimize the end-to-end process. Proven web services help strengthen any lender's ability to deliver faster and compliant loans—using automation, technology, and a dedicated & knowledgeable support staff.

- Lower upfront and recurring origination costs
- Scale with changing borrower trends
- Minimize regulatory burden with red flag reporting
