

A faster, smoother path to yes

Go beyond traditional POS solutions with a unified lending platform that connects the entire journey with the flexibility, intelligence, and scalability to turn more opportunities into funded relationships

ONE PLATFORM TO REIN IN SCATTERED SOLUTIONS

Consumer lending, business lending, and account opening live on a single, integrated platform. One staff login. One workflow engine. Zero reconciliation across disconnected systems.

OWNERSHIP OF YOUR TEMPLATES

Admins can build, modify, and deploy new workflows, from standard loans to disaster relief products, in hours—no vendor tickets or extended wait times required.

FUTURE-READY ARCHITECTURE

Access is adaptable by design, with the scalability to address new products, channels, and regulatory shifts and the agility to evolve as your institution grows.

COMPLEX USE CASES, HANDLED

Joint applications, business accounts, auto-booking, cross-sell, and rapid product deployment make it easy to build and adjust detailed workflows.

UNDERSTAND & OPTIMIZE PERFORMANCE

Monitor application, decisioning, and portfolio performance with analytics that help identify trends, measure outcomes, and uncover opportunities to optimize your lending strategy.

OFFERS HUB FOR PROACTIVE PORTFOLIO GROWTH

Personalized offers displayed within the application help staff effortlessly extend relationships and drive portfolio growth.

BROAD INTEGRATIONS & CORE COMPATIBILITY

Seamless integration with your core and the MeridianLink® Marketplace partner ecosystem, as well as native single sign-on (SSO), help you launch faster and scale without custom workarounds.

86% reduction in application completion time

Let's compare

MeridianLink Access vs. standard point solutions

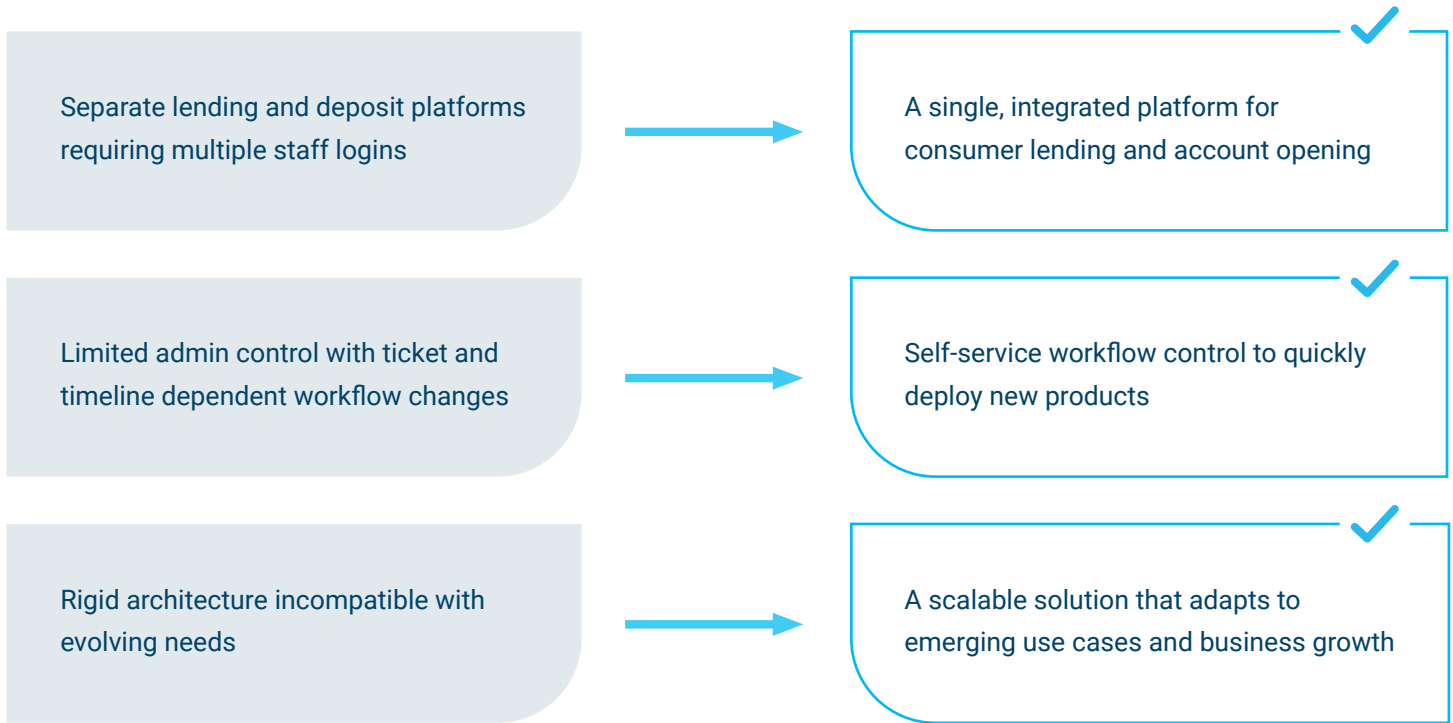

✓ Included | ✗ Not Included | ◐ Limited

FEATURE MERIDIANLINK ACCESS POINT SOLUTIONS
